

FAMILY SESSION

WHAT TO EXPECT AT YOUR SESSION

During your family session we will spend about an hour together capturing your whole family! We will photograph every combination of people together and have fun doing it. We will walk and stop and play and walk some more.

During our session it is my goal that your little ones have fun and transform into their silly, smiley selves quickly. We will play and dance so it feels less like a stuffy photo session and more like a fun filled walk through a park. Don't hesitate to tickle, chase, and be all around silly during your time with me. You all will enjoy your session and the result will be a true and honest reflection of your families best moments.

PHOTO DELIVERY

I don't put a limit on how many images will be delivered since it varies from one session to the next. I aim to edit any and all great images to deliver to you. Once the edits are complete, I will send them to you via digital download on a password protected album in approximately three weeks from your session date. From there you can download, print, share, and create with the images.

CANCELLATION/RESCHEDULE

Should the session be postponed for any reason, please understand that I may not be available for the new date and deposits are non-refundable. Please notify of any postponement or likelihood of postponement as soon as possible, and I will make every effort to be available for a new date.
